

Plattform-Update:

Upcoming Live Classes in July

**TwentyOne
Skills**

Dear reader,

all e-learnings will be replaced for technical reasons on July 15, 2024. All progress and certificates will not be saved after this date. Please download your certificates before the transition! Enjoy our live classes and have a great summer...

Best regards, Robert
(Head of Learning, TwentyOne Skills)

Live classes: Schedule for July

01.07

Design Thinking for Academic Research

PhD projects are not for your supervisor but also for the community. PhD projects can go to the market and make you become an entrepreneur. Learn how to design and test your research idea in order to create value and success.

02.07

Ask me anything: Scientific Presentation

Have you been scientific talks and would love to give one yourself? Now you want to learn more, exchange ideas and hear real hacks from experienced speakers? Then this live session is the perfect place for you!

03.07

Mentoring in Science

This session will explore the multifaceted nature of mentoring relationships, highlighting best practices for both mentors and mentees. How mentorship can enhance research productivity, career development, and personal growth.

10.07

Lunch Chat for Women in STEM

The form of the session will include a lot of input from participants to start a discussion about the challenges and opportunities of following a career in science and academia as a woman.

12.07

Dealing with Acute Stress

Stress is an inevitable part of life, but acute stress can arise suddenly and intensely, demanding immediate attention. Insights on recognizing the signs of acute stress, implementing quick stress-relief techniques.

15.07

Beyond the PhD: Navigating New Career Horizons

Graduating soon and looking for career options? Explore diverse career options and make informed decisions about your future.

16.07

Time Management and Saying No

Navigating the demands of an academic career can be challenging for researchers. Balancing research, teaching, publishing, and personal life requires effective time management and the ability to say no to non-essential tasks.

30.07

Writing A Scientific Paper: First Steps For PhD Students

Calling all PhD students! On the art of writing a scientific paper. We will discuss tips and tricks on how to get started with writing your first publication and picking the right journal.

Attention: All classes replaced!

NEW

Upcoming E-Learnings:

3 Desk Stretches to Instantly Improve Your Day and several nuggets on Career and A.I. topics
